All candidates meeting tomorrow

Surrey Community Leaders & West Panorama Ratepayers Association are hosting an All-candidate Forum on Thursday Oct. 4th, 2018 at 7:00 p.m.

Please spread the word to your organizations, friends and family. This may be the only community hosted all-candidates forum this election.

Surrey Community Leaders, in conjunction with the West Panorama Ridge Ratepayers Association, distributed an 18-question survey to mayoral and council candidates. We will be sharing the results of that survey on Thursday evening and we will ask some follow-up questions to candidates based on their responses.

Forum Details:

- When: Thursday, October 4th, 7:00 p.m.
- Where: Colebrook United Church Hall, 5441 125a St, Surrey, BC V3X 1W4
- This event is being held on the traditional, ancestral and unceded Coast Salish territory.
- What: All-candidate Forum
- Why: To find out where the candidates stand on the issues.
- How: By posing questions based on the findings of the May 3rd Surrey Community Leaders' Forum and the candidate questionnaire.

The forum will start promptly at 7:00 p.m. and last for an hour and a half. There will be an opportunity to engage with the candidates following the forum.

Foulkes, Charles join Surrey Civic Treasures club (October 3, 2018)

Historian and artist honoured at Business & the Arts event Tuesday at Surrey Arts Centre
Jim Foulkes and Roxanne Charles were welcomed into the Surrey Civic Treasures club on Tuesday evening.

The pair are the latest winners of the annual award, given to those “who have achieved excellence in the production of the arts and/or made significant contributions to the development of arts and heritage in the City of Surrey and beyond.”

Transitional housing facility, emergency shelter in Green Timbers moves forward (September 29, 2018, updated October 1, 2018)

Proposal includes 30-bed emergency shelter

Surrey council has moved forward a proposal to build a six-storey transitional housing facility and emergency shelter next to Green Timbers Urban Forest.

The City of Surrey submitted an application on behalf of BC Housing on June 21, 2018 to construct a six-storey transitional housing facility and emergency centre at 14150 Green Timbers Way.

City council voted Monday (Oct. 1) to give its approval for staff to draft a development permit, and also approved the terms of a development variance permit, which will now go to public notification.

Two-person ‘Progressive Sustainable Surrey’ slate joins election race (September 14, 2018)

Imtiaz Popat is running for mayor under the banner, and Deanna Welters to run for council

Another new slate has materialized for the upcoming Surrey civic election on Oct. 20.

Previously announced mayoral candidate Imtiaz Popat is joined by council candidate Deanna Welters and together they call for reactivation of the inter-urban rail line instead of SkyTrain or LRT

Welters, who ran unsuccessfully for mayor in 2011, is a director of the Green Timbers Heritage Society.

“I am running to save Green Timbers Urban Forest,” said Welters in a release. “Both the proposed LRT and Skytrain will be detrimental to the forest. The construction of either project will be damaging to the fragile ecology of the forest and noise from both systems will be permanently disruptive to the biodiversity in the forest.

Community Cleanup Challenge

I'd like to invite you to join me in the Community Cleanup Challenge! I'm teaming up with volunteers from across Surrey Centre to help clean up Brownsville Bar Park. It's a great opportunity to clean up garbage, plastic and pollution, and show our commitment to a cleaner environment for our kids and grandkids.

Here are the details:

DATE: September 8, 2018

TIME: 10:00 a.m. - 12:00 p.m.

LOCATION: 11931 Old Yale Rd, Surrey, BC V3V 3X3

WHAT TO BRING: Please dress for the weather and bring your own waterproof boots or shoes. Materials such as garbage bags will be provided.

RSVP: By email at Randeep.Sarai.C1B@parl.gc.ca (mailto:Randeep.Sarai.C1B@parl.gc.ca)

As Canadians, we have a deep connection to the water. We're home to approximately 8,500 rivers, 2 million lakes, and the world's longest coastline connecting three different oceans.

From fishers to paddlers, swimmers to sailors, Canadians visit our oceans, rivers, lakes, and streams to earn a living and to enjoy the outdoors. But every year, 8 million tons of plastic flow into our oceans, choking our wildlife and damaging the natural spaces that we love.

Together, we can make a difference in Surrey Centre. I hope you'll join me.

Sincerely,

Randeep Sarai

Don: Thank You for the opportunity. As I said last night this is only the start. We need the public's help in either sharing our story, connecting us with like thinking people and/or help in our campaign. The announcement made yesterday should put to bed any thought of Skytrain to Langley, it is now up to us to speak up and bring common sense to the subject.

Lets keep in touch

All the best

Re: Survey Request - Status of Women Canada Project

Hello Tessa,

Firstly, if you have already completed the below survey - thank you! Your perspective is invaluable to our research and I very much appreciate the time you've taken to support our work.

If you have not yet completed the survey, it would be great if you could do so by tomorrow, September 11. Our work hopes to, among other things, increase access of public consultation activities to diverse women, so they can play a larger role in government decision-making.

Please let me know if you have any questions about the project. You can access the survey here: Survey

Kindly,

Subject: Survey Request - Status of Women Canada Project

Hello Tessa,

My name is Wendee Lang and I am currently researching barriers to women's participation in local government. This project is initiated by Women Transforming Cities and the Canadian Research Institute for the Advancement of Women and funded by the Status of Women Canada.

One of the most common ways that women impact government decision-making is by participating in public consultation (e.g., open houses, digital surveys, focus groups, etc.). To gain insight into how women in Surrey do so, I have created a short 5 to 7 minute survey and am asking that representatives of various community associations and organizations provide feedback on their experience engaging with the City of Surrey.

You can access the survey here: Survey

Your insight is very valuable to our project and I would appreciate any time you can spare to complete the survey. With your help, we hope to provide a range of recommendations to improve gender and diversity equity and inclusion in local government. This survey will close on September 11 (noon).

If you have any questions about the project, please do not hesitate to contact me.

Thank you,

Wendee

2018-10-03 19:29:18

Hello everyone,

We have started a new environmental campaign called Save Surrey Parks.

Save Surrey Parks is a group of citizens dedicated to protecting Surrey's parks and green spaces. Save Surrey Parks will petition the newly elected Surrey Mayor and Council to instruct staff to start the process that will ultimately end up in giving numerous Surrey's Parks and designated green spaces the highest level of protection that is available under the law. The Save Surrey Parks group is committed to ending the use of the Alternative Approval Process for removing the dedicated status of parks.

Here is our petition:

RE: Sale of part of park?

2018-10-04 10:39:15

Hi Don, Thanks for your prompt reply. I too think the information must be inaccurate. The notice was a map/brochure showing details of a new water main. To the map someone had pinned a hand written note claiming the city had sold four parks for development including Hawthorne park and part of Green Timbers. They had outlined that piece of Green Timbers and written "sold" on it. The note was unsigned. I left Landucci a voice mail asking him to call me. So far not heard from him.

On a different matter: I recently attended the presentation by Rick Green, et al at the meeting at the nature house concerning reactivating the interurban RR. I didn't hang around for discussion. But I wonder what the GTHS thinks of the proposal. It could save some of the park along the Fraser Highway. So I'm in favour. But I don't know what drawbacks the deal would have. I'd appreciate your thoughts.

Hi Betty,

First I've heard of it, and I'd be surprised if it was true.

Can you send me a picture, or some of the details?

The new forestry guy is Robin Landucci, robin.landucci@surrey.ca -- he's heading up the GTUFAC now. I haven't heard anything from him for a while though.

Let me know if he responds to you.... I'm wondering if he's avoiding me.

Thanks for getting in touch,

Our upcoming Heart of the City Conference will be held in Montréal, June 12-14, 2019. This conference is a chance to learn about innovations and best practices in parks governance, funding, design and engagement from people actively involved in shaping parks from across the country.

** Blog: How parks can help address social exclusion

Feeling alone, without support, is a rising trend even in the most densely populated urban centres. How can our parks and public spaces play a role in reducing social exclusion among our most marginalized? We take a close look at Montréal's Parole d'excluEs to find some answers.
